

Plasterboard and insulation

CSR's interests in plasterboard and insulation are concentrated in Australia, with activities in South-East Asia. In Australia, CSR is the leading supplier of plasterboard and insulation and is the only manufacturer of three main insulation products – glasswool, rockwool and foil.

CSR Gyprock Bradford Group

Manufactures and markets plasterboard, plaster, cornices and associated finishing materials and accessories. The group also manufactures and markets a full range of rockwool, glasswool and foil insulation, specialty lines and air handling products. Production of fibre cement products will commence shortly.

Activities in each state are coordinated by the general manager. Matters of policy should be directed to the executive general manager.

Gypsum Resources Australia Ltd

(50% CSR)

Holds leases to large deposits of gypsum at Lake MacDonnell, South Australia. These deposits are the main source of gypsum for CSR's plasterboard factories in Sydney, Melbourne, Brisbane and Perth. Mining operations are under the control of Boral Ltd, the other participant. CSR is responsible for the shipping operations of Gypsum Resources Australia and for the export marketing of gypsum.

CSR Wood Panels

Manufactures and markets a range of wood based panel products and associated products for use in building and furniture.

The particleboard range includes products under the brands PYNEBOARD™, GLAMAPYNE™, STRUCTAFLOR™, ALKORCELL™. The medium density fibreboard range includes FIBRON™ raw board and COLORPANEL™ low pressure melamine.

It also manufactures and markets hardboard sold throughout Australia under the brand names MASONITE™, WEATHERTEX™ and READI-FIX™. This range includes internal door skins now complemented by a moulded door panel range – FEATURPANEL™ door facings. Softboard is distributed under the CANE-ITE™ brand name.

Value added panel components, as well as complementary bought-in lines and accessories are marketed to the kitchen/bathroom, furniture, shopfitting and automotive industries.

CSR is the licensed manufacturer of FORMICA™ brand high pressure decorative laminate for furniture and fittings. The laminate range includes standard decorative laminate, AQUAPANEL™ for wet area applications, a range of metallic laminates and SURELL™ a new solid surface benchtop material.
